

FridgeIQ

The Pieces

These are all the pieces you can find in your FridgeIQ set. For all the challenges in this book apart from the warmup-exercise on the next page you have to use all of them. You may rotate them in any orientation but not flip them.

Warmup

Find here a small and easy challenge to get you started:

Using only the pieces Q, Y, I, D, B, and M create the pattern below. If you get stuck you can scratch off the paint in the lower right to reveal a possible solution.

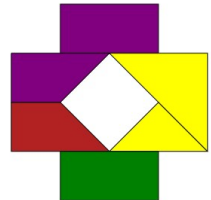

Table of Contents
